

Yacht Equinox is a state of the art 81 foot luxury Cheoy Lee motor yacht, providing luxury and comfort for your Bahamas yacht charter.

While aboard yacht Equinox, you will find lavish comfort in three well appointed staterooms, each with its own marble tiles en-suite bathroom. Providing for your comfort, cuisine, and entertainment needs are the yacht's highly trained crew of four, who will attend to your needs as you explore the beauty of the Bahamas islands during your charter. Join and discover paradise aboard Equinox.

For a bit of background, M/Y Equinox and crew of 4 operate from Nassau year round and we are recognized as the number one charter yacht in its class. To illustrate that brokers charter us in full confidence, this past year we welcomed onboard among our guests Chyrl Crow and her family, CC Sabathia, and Princess Zahra, mother, son and daughter. Recently we welcomed the governor general of Canada, a regular guest. We charter over 150 days per year, so advance booking is recommended. The yacht is owned by a first class shipowner, and thus provides second-to-none support to the crew and the yacht. This good yacht feeling channels directly from the crew to the guest experience.

We offer a near Nassau all-inclusive water fun day. The rate for up to 6 persons is \$6000 and \$100 per additional passenger.

Generally guests board at 10am and return at 6pm. The rate includes a light breakfast, gourmet lunch, afternoon snack, all beverages, beer, nice wines, use of 2 wave runners, a 26 foot tender launch, snorkelling gear, and water toys, this at nearby Rose Island, We like to set up a nice beach club on a nearby Green Cay.

An industry standard 10-15% crew gratuity is recommended.

We would be delighted to assist you in meeting all your charter yacht experience expectations onboard Equinox. Please let me know.

Best regards

Esteban
